

## Let the history speak

Let's travel through ages. The four cities on our tour introduce you to legends, history and life stories that stay with you forever. It is also a journey through various styles of architecture, from Gothic through Baroque to post-war.

We start with the capital that has the newest old town in the world. **Warsaw**, after its destruction during the War, was brought back to life by those who loved it. The meticulously restored historic center amazes everybody.

**Krakow** is the only city in Poland that has never been destroyed. Enjoy the plethora of architectural gems and discover such art masterpieces as Vit Stwosz altar at St. Mary's Church and Wyspianski's stain glasses, just to name the two.

Amazing city of **Wroclaw** is truly a hidden gem. Splendid Market Square lined with tenement houses, impressive Gothic churches, picturesque canals and early 20th century Centennial Hall are examples of the variety this fascinating metropolis offers.

**Poznan** has always been a trade center with the biggest fair grounds in Poland. But you cannot miss it on history and heritage tour, because it is here where the country was born. Ostrow Tumski with Cathedral belong to the oldest parts. The must-see site is Market Square with the Renaissance Town Hall.
